Letter from **SHERIFF BRANDON BARNES**

Greetings from the Office of the Sheriff. My name is Brandon Barnes and I am the 24th Sheriff elected to Sutter County. I am a long time Sutter County resident and live in Live Oak with my wife Jennifer. Jennifer and I share four adult children and also have three grandchildren. One of our favorite past times is spending times with the grandkids and watching them grow. Additionally, we are both committed to our community and those we serve. Jennifer is a health coach and I am a member of Kiwanis, which focuses on helping kids throughout the world. We are truly blessed to be part of such an amazing community.

I am also a member of the California State Sheriff's Association (CSSA) and serve the board as the Second Vice President. The CSSA is committed to supporting sheriffs in each of our fifty-eight counties. Part of my responsibilities is to serve on our legislative committee as well as our corrections committee. The challenges facing California are evolving and elected officials must stay informed and work to ensure our communities are safe. County Sheriffs are Constitutionally Elected Officials, which means we serve the people and to that end many feel sheriffs are the last line of defense in protecting our citizens.

This report marks the end of my fourth full year in office, which concludes my first elected term. This report is designed to inform the Board of Supervisors, as well as the public, about what goes on in "their" Sheriff's Office. The year 2022 presented a fair number of challenges but also opportunities for growth as an organization.

As I enter my second term, I am hoping to build upon many of our projects and accomplishments. This report will highlight many of the successes we shared throughout 2022. Additionally, it will serve as a look into where we are headed as an organization. Each year, my staff sets divisional goals, and we constantly re-evaluate our strategic planning to ensure we are evolving with our chosen profession. We strive to provide the highest levels of public safety and serve as a model agency for others.

In this report, you will get an overview of our three main divisions within the department: Operations, Corrections, and Support Services. Each division is unique and serves the community in a variety of ways. I would be remiss if I did express my appreciation to my command staff, as well as our line staff. I hope you will find this report useful and I hope it gives you some insight to the men and women behind the badge. This office employs dedicated, and thoughtful professionals and I am honored to stand beside them as we represent each of you.

Sincerely,

A handwritten signature in black ink that reads "Brandon Barnes". The signature is written in a cursive, flowing style.

Sheriff Brandon Barnes

Generation Next ACADEMY SPONSORSHIP PROGRAM

The Sutter County Sheriff's Office is continuing to implement a new recruiting tool by sponsoring Deputy Sheriff Trainees at the Butte Police Academy. We are continuing to create an opportunity for those vested in our community who need some assistance in furthering their careers. This position is one that the Sutter County Sheriff's Office sponsors for those who have successfully passed an oral panel, Pellet B Test, Physical agility test, an extensive background, and medical screening. Since 2020 we have sent 14, which include the 6 that are photographed below. All 14 have successfully passed the police academy. The six photographed below are Deputy Tapia, Deputy Howard, Deputy Moreno, Deputy Moseley, Deputy Tarke, and Deputy Cueva. They were extremely successful in the academy winning scholarships, top report writing, assigned as a academy sergeant and lieutenant. They all represented Sutter County Sheriff's Office with honor and respect. Sheriff Barnes was extremely proud of all of them.

Sheriff Barnes, Deputy Tapia, Deputy Howard, Lt. Maples, Deputy Moreno, Deputy Moseley, Deputy Tarke, Deputy Cueva, Captain Piazza, and Lt. Gill.

Core **ACADEMY**

Correctional Officers are enrolled in the academy for five weeks with members of agencies from around the northern state. Throughout the academy officers are trained and educated on the principles of working in a correctional facility. Officers are trained on use of force, defensive tactics, hand cuffing, and cell extraction. Officers are required to complete an STC (Standard and Training for Corrections) Certified Correctional Academy within one year of employment. The academy, paired with on-the-job training, prepares officers for what to do and provide expectations for working in a correctional facility.

Correctional Officers Ward, McFarland, Wells, and Major

Food Safety **CERTIFICATE**

Incarcerated Persons, Sandeep Singh and Stanley Williams participated in the jails GED program which includes a course for a Safe Serve Certificate, upon completion of the course they were administered a test and both earned their Safe Serve Certificate for food handlers.

Firearm Course **AWARD**

The Sutter County Sheriff's Office would like to congratulate both Correctional Officer Tyler Wells and Correctional Officer Michael Major for obtaining perfect scores on their first attempt during our firearm class. In addition C/O Major took home the top gun award for the best overall shooting of the weekend, and C/O Wells won the steel distance challenge.

Staffing CHALLENGES

In 2022, the Sheriff's Office experienced staffing challenges in some key areas of the organization. This was due in part to several classifications of employees earning less money than at some neighboring public safety departments. The Sutter County Board of Supervisors approved equity adjustments for employees, which allowed the Sheriff's Office to be competitive in the job market. This was helpful with recruitment and retention and even allowed the Sheriff's Office to hire several lateral employees, which means they are experienced personnel choosing to work here in Sutter County.

At one point during the year, our communications center was so short staffed we had to seek assistance from a neighboring agency to provide dispatch services during nighttime hours. This allowed the Sheriff's Office to focus on hiring and training of essential staff in our communications center. We are proud to say that despite our staffing challenges, there were no reductions in services.

We believe Sutter County is a great place to work. Our supervisors and line staff have created a professional, proactive, and fun environment that attracts applicants who are looking to be part of something special.

First off I want to say that this has been an amazing opportunity for me. Although, it has been rough with our short staffing and constant schedule changes. I am seeing the light at the end of the tunnel. The plus side of how it has been in dispatch is I've had an opportunity to work with all the deputies so I know how they all work and sound like (for the most part) on the radio. I love that even though there are some stuff that stay the same in this position, it is still something new every day. I am constantly learning new things as well.

– Carmina Luvianos,
Public Safety Dispatcher

My experience as a new employee with Sutter County Sheriff's Office has been welcoming. I appreciate knowing there is a strong team and work ethic as well as an environment that is supportive, diverse and inclusive which is a reflection of the county of Sutter and it's community.

– Enrique Rivera, Deputy Sheriff

I have had a great experience transitioning into my new position at the Sutter County Sheriff's Office. The staff at the department are phenomenal, especially the Administration! They have been extremely welcoming and very supportive with helping me settle into my new home away from home. The Administration at the Sutter County Sheriff's Office is doing everything in their power to expedite and make the hiring process seamless and efficient as possible which is impacting the staffing shortage tremendously! I am very proud of my fellow work family for all their hard work and dedication. And I am very proud to say that I work for the Sutter County Sheriff's Office.

– Kayla McHone,
Supervising Public Safety Dispatcher

I came to the Sutter County Sheriff's Office from a neighboring agency. I immediately felt welcomed, and almost a year later, I still feel that same welcoming feeling! It is an extremely positive and encouraging work environment. I look forward to going to work each day and serving the Sutter County community!

– Kristina Hayes, Deputy Sheriff

Looking forward to serving the residents of Sutter County.
